

How the Discount Scheme Works.

The scheme is available to anyone, private householders or businesses, whose property is at risk from flooding.

Scottish Borders Council will purchase selected products at cost price and make them available with an additional subsidy against each product. The maximum subsidy for any single householder/business is limited to £650.

(Prices are subject to available funding for the scheme.)

In the event of the £650 maximum being reached then all products over this limit will be sold at cost price.

Ventguard Products Ltd www.ventguard.org

Standard 9x6

Small 9x3

The first source of flooding is usually through airbricks like this.

Step 1. Insert rod through Ventguard and the airbrick.

Step 2. The catch on the rod grasps the back of the airbrick. Put the handle on the rod.

Step . Turn the handle to fasten the Ventguard against the brick.

Available in two sizes.

AIRBRICK SEALED!

	RRP	Cost price	Grant available off cost price	Discount Price Ex. Vat	Saving on RRP
